**Oswald Gregory Helms : Severed Spines of Hate: A collection of 99 poems and essays that changed the African Community** before purchasing it in order to gage whether or not it would be worth my time, and all praised Severed Spines of Hate: A collection of 99 poems and essays that changed the African Community:

IntroductionThe struggle of our brother and sisters in the promised land of Africa has been the subject of most advocacies and movements that are continuously growing in influence and numbers. Several studies were conducted and showed one common ground, oppression is still prevalent and most of the people in the continent are dying because of starvation and from diseases. This book is a compilation of poems and essays that are dedicated to the eradication of inequality and injustice in the promised land of AfricaHope you guys enjoy it!
